MARLENE DIETRICH

WM. ABERHART NOW READY TO HELP DOUGLAS

Not to Announce Candidates Until After Election Date Fixed

Social Credit candidates in the different provincial ridings will not be announced until after the government has announced the date of election. It was decided by 16 delegates attending the Northern Alberta Social Credit League convention which opened Wednesday afternoon in McColl church.

Capacity audiences greeted William Aberhart both afternoon and evening. At the evening session Mr. Aberhart stated he was in perfect accord with the Douglas Social Credit system, and would be the first to say "we will be glad to help you, when Major Douglas comes to Alberta to prepare a social credit plan."

The delegates unanimously adopted a resolution calling on Mr. Aberhart to assume the leadership of the government should the Social Credit force be returned to power at the next election.

TO HAVE FREE HAND

Under the terms of the resolution it is not proposed that Mr. Aberhart should run in a constituency where he would have a free hand to take on any part of the province for the furtherance of Social Credit thought, but that if his forces are elected a new and wider field for him to take over the leadership. It was also decided that Mr. Aberhart should be returned to power at the next election.

FARM HOUSES LATER ON THE WATER'S FLOODS

Livestock Deserted Given Up For Lost—Fears Felt For Life of Northern Trapper Missing on Island Refuge

Milton C. McKeen, U.F.A. member of the legislature for Lac Ste. Anne, has been requested for assistance in finding out the ice. It was suggested by Mr. McKeen to send out an airplane to bomb out the jam. Nothing definite has been forthcoming from the request so far.

WHITECOURT, April 25.—With an immovable ice jam holding solidly against the surging frohest of the mighty Athabasca, the turbulent flood waters continued to rise this morning. With barely the roofs of abandoned farm buildings on the flooded flats showing above the ice-strutted inundation, livestock deserted by fleeing farmers has almost been given up for lost. Much of the smaller stock, including poultry, is known to have perished.

Adding to the anxiety of settlers of this timbered valley is fear for the life of D. Hardwick, a trapper who is known to have been on an island in the flooded area. Hardwick, knowing the possibility of a flood, had designated a towering spruce tree on his island as a refuge in case of emergency.

On Wednesday, a few intrepid rivermen, chance the possibility of the ice jam holding the waters back, ventured out among the pounding pans of ice to Warlock's appointed haven. It was not to be found. It is not known whether he realized that the situation was serious and escaped in time, and so far no word has been received from him.

BACKS UP MILES

With the tremendous mass of ice now piled in the river bed, the water is backed up for miles in both the Athabasca and McLeod valleys. It is impossible to dynamite the ice and only continued or increased pressure of the flood can cause a break.

When the break comes, the waters will go out with a roar, possibly causing very large quantities of the bank. There will be added to the already existing damage settlements further down the river. Memory of the 1926 flood, when six persons lost their lives, is still fresh here and the area under water at present is much greater than at that occasion.

Right To Jaw Knocks Grown Bull Groggly

PULLMAN, Wash., April 25.—A young man strode up to a bull, growling and knocking the animal groggly with a right to the jaw at a livestock auction here today.

Police arrested J. L. Blalock of Moscow, Idaho, on charges of being drunk and disorderly and carrying a concealed weapon. He was charged with "knocking" inside a glove when he hit the bull.

REDS BLAMED IN CORBIN WOR

VICTORIA, B.C., April 25.—Communist were blamed today for the strike and riot of coal miners at Corbin, B.C., in the Crown's New Pines area, a week ago, in the report of Inspector John Macdonald in court today.

In his report to police headquarters, he stated that the Communist charged the strike and disturbance at Corbin, B.C., in the Crown's New Pines area, a week ago, in the report of Inspector John Macdonald in court today.

GIRL TO PLEAD FOR KIDNAPPER

JEFFERSON CITY, Mo., April 25.—Walter McGeer, first kidnapper to be sentenced to death in the United States, was denied a rehearing today by the Missouri supreme court, and almost immediately his victim, Miss Mary McGeer, held for \$30,000 ransom, pleaded for his life.

She is in jail in Kansas City under sentence to hang May 10.

Small Boy Is Shot In Foot

CAMROSE, April 25.—On a tramp through the country, shooting poppers, Louis "Kiki" Francour, 22, rifle discharged into his foot, the bullet piercing it at the arch.

Final Equipment

LONDON, April 25.—Electricians here today making final adjustments to the equipment which will be used in the flood of light during the celebration of the Silver Jubilee.

China Girl Changes Her Sex to Boy

Miss Yao Ching-Ping was living a normal girl's life in Tientsin and was engaged to be married when she changed her sex.

MANION GIVEN LARGE PRAISE

LONDON, April 25.—Lord Bessborough's Daily Express, long campaigning against "entanglements in Europe," today had warm praise for the speech of Hon. R. J. Manion, Canadian Minister of Railways, on St. George's day in New York, where he urged joint effort by the British and American people to take the lead in working towards peace.

The Express, in its editorial, stated that both countries can help to keep peace by "making the profits out of war."

"Mr. Manion," said the Daily Express, "expresses the feeling of the vast majority of his countrymen, and of most earnest and thoughtful men now seeking peace on both sides of the Atlantic."

TODAY'S ODDEST NEWS

THREE CROPS FLOURISH UNDER ELECTRIC LIGHT

SYDNEY, N.S.W., April 25.—By increasing the "day" for wheat plants with electric illumination, the government of New South Wales has produced three crops a year. The plants, which were sown in the autumn, are now ready for harvest. The government has also produced a second crop of wheat and a third crop of barley.

R. B. Bennett Leads Into Hot Protests On Pact Failures

By THOM WATLING, Editor in Chief

OTTAWA, April 25.—"Mr. Bennett will soon be in London, he will answer any criticism of the empire agreements," was the official comment in the capital over British press criticisms that Canada is not living up to the agreement. It was reported Wednesday from London that, a lively story is developing over the Ottawa pacts.

"Canada is living up to both the spirit and letter of the agreements," said the government in a statement today. "The last budget and the budget before that we went beyond the agreements in a number of ways."

It is pointed out that one provision of the agreements allowed British manufacturers to place their case before the Canadian tariff board and that a number of cases have been so dealt with, some of them on the very point that British goods shall enter at a reasonably competitive basis.

"The tariff reductions were made on woolsen goods, woolen goods, and so on."

PEACE CRIES BY HATEFUL ACTS

HIGHWAYS OF WORLD BESET WITH TERROR

British Prime Minister Unleashes Blunt Arrangement of Reich Actions.

LONDON, April 25.—Prime Minister Ramsay MacDonald in an article written for "News Letter," the official organ of his party, bluntly declared today that "Germany has broken up the road to peace and beset it with terrors. Germany has acted in such a way as to destroy the feeling of mutual confidence in Europe." The Prime Minister wrote, "It claims a measure of armed power which puts most of the nations of Europe at its mercy. Every reflecting and reasonable German must know in his heart that if Germany, has upset every feeling of mutual confidence, leaving the 'honour' arrangement of account for the moment, how can it expect to be blind to the effect which its colonial armaments must have on the sense of security of other nations?"

The most secure nation in the world of Europe until it aroused the suspicion of Berlin and the whole of Europe against it was Germany. The people are asking far too much of those who pretend to be peace-loving and sympathetic with them most when they claim that both their objects and their methods should be acceptable without a tremor of fear as a shadow of suspicion, or that the aggression for security which they reject at Berlin and the whole of Europe against it was Germany. The people are asking far too much of those who pretend to be peace-loving and sympathetic with them most when they claim that both their objects and their methods should be acceptable without a tremor of fear as a shadow of suspicion, or that the aggression for security which they reject at Berlin and the whole of Europe against it was Germany.

WHITE PLAINS, N.Y., April 25.—With 452 cases of food poisoning already reported and as many more estimated, health authorities last night hurried chemical analysis in an effort to determine what contaminated 10,000 pieces of cream-filled pastries.

The pastries were sold in four Westchester County cities and 10 villages from a chain bakery plant Tuesday.

40,000 GREET PAPAL LEGATE

LOURDES, France, April 25.—Forty thousand pilgrims from the world over welcomed Eugenio Cardinal Pacelli, the Papal Legate, as he arrived at the famous Grotto where he is to preside over the annual pilgrimage which will number 100,000.

TORONTOIANS GREET GRADS

TORONTO, April 25.—Toronto today extended welcome to the Dominion Commercial Grad, spending the day here on their last day before their departure for their respective universities. The Cardinal will say the first mass at the cathedral, where bishops and priests from distant dioceses will celebrate the masses continuously for three days and nights.

MYSTERY VEILS SHOOTING PAIR

MONTREAL, April 25.—Police mounted a hunt for the house of Police Constable Arthur Beamer shortly after noon today and found the "constable probably wounded from a bullet in the mouth and his wife lying fatally wounded in a rooming house."

Twain Baby Octopi Born At Tacoma

TACOMA, Wash., April 25.—Octopi, the pet octopi of Police Constable Arthur Beamer, have been born. This startling discovery was made today by A. M. Akin, manager of the Point Defiance hotel, as he was putting food in the cage where the octopi were kept.

Reilly Writing Book Concerning Hauptmann Trial

BROOKLYN, April 25.—Edward J. Reilly, who has been charged with the murder of the Lindbergh baby, has announced he was writing a book about the Hauptmann trial.

INSURANCE ON RIOT TREBLES IN VANCOUVER

No Disturbance Wednesday as Plans for General Strike Proceed

VANCOUVER, April 25.—Vancouver representatives of 20 insurance companies issuing riot insurance announced last night premiums of that type of insurance have been trebled as a result of recent disturbances in the city.

U.S. Buying Will Force Silver Price \$1.29 Per Ounce

WASHINGTON, April 25.—Secretary of the Treasury Henry Morgenthau said today United States would continue to buy silver until it reaches \$1.29 an ounce, or until treasury stocks equalled one-third of the total gold.

The treasury secretary said that last night's action in boosting the federal price for domestic mine silver to 73.5 cents an ounce, as well as previous actions in elevating the price, was simply carrying out a mandate of congress.

10,000 Cream-Filled Pastries Poison 900 In Gotham Suburbs

WHITE PLAINS, N.Y., April 25.—With 452 cases of food poisoning already reported and as many more estimated, health authorities last night hurried chemical analysis in an effort to determine what contaminated 10,000 pieces of cream-filled pastries.

BOUCHER NOW HOLDS TROPHY

OTTAWA, April 25.—The Lady Iliad trophy, given by the wife of the late Premier, to the winner of the National Hockey League championship, was today presented to Frank Boucher of the New York Rangers of the National Hockey League.

CLERIC GUILTY LIBEL: FINED

MONTREAL, April 25.—A judgment handed today by Chief Judge George Parson, declared Rev. Victor Howard, pastor of the French Anglican Church of The Redeemer here, guilty of blasphemous libel and condemned him to pay a fine of \$100.

BOY CONFESSES KILLS PARENTS

AUSTIN, Texas, April 25.—Charged with the murder of his parents, Howard Pearson, 20-year-old son of William Pearson, confessed today to the killing of his parents. He was charged with the murder of his parents.

NAZIS MUZZLE CHURCH PRESS

BERLIN, April 25.—Nazi press officials today ordered German church and press to refrain from discussing the religious and political activities of the church and press.

Roosevelt To Hold Sunday Firesides

WASHINGTON, April 25.—President Roosevelt Sunday night will resume his fireside talks to the United States people to discuss the new works relief program. He will speak, beginning at 8 p.m., EST, for half an hour.

On Baby Fours T.B. Discovered

QUEBEC, April 25.—Following an epidemic of illness among infants at St. Mary's hospital, maternity nurse on St. Mary's hospital, Quebec, Canada, through the devoted suffering of 39 milk babies, has been found to be the cause of the illness.

### DROUGHT PLACES ELEVATOR FIRM NEAR FAILURE

CHICAGO, April 25.—The drought of 1934 and domestic scarcity of grain had a belated aftermath Tuesday in a petition by the Rosebush Grain Corporation, a \$500,000 firm, for reorganization under the amended Bankruptcy Act.

Although the company was described as solvent and able to meet its current debts, the petition said drought and lack of grain for storage had placed it in a critical situation.

Judge William Wolf granted the company's request for authority to continue in business, named its secretary, L. T. Sayre, as receiver, and trustee and prohibited the Chicago Board of Trade from suspending the firm from membership. Suspension of the company itself would precipitate liquidation of its store of grain and have perhaps disastrous effects on grain prices.

### JOBLESS RANKS LOWER IN APRIL IS BANK REPORT

MONTREAL, April 25.—World improvement in wheat prices, advancing metal prices, and in Canada, a very rapid and substantial rise in silver, all combined to make the announcements of a works program affecting Canadian construction and building reacted favorably over a wide area. The April business summary of the Bank of Montreal today.

In March the number of employed increased 13,440 which exceeds that of any year in the record with the exception of 1932, the summary says. The economic index of the Dominion bureau of statistics for the first month in April stood at 100, compared with 92.5 for the same month of 1934.

The wheat outlook has improved with the rapid rise in prices. This report somewhat overestimated the grain boom, though with gathering momentum.

"One of the most favorable features of the agricultural year to date has been the marked increase in cattle shipments to United States markets, induced by shortage of animals and rapidly mounting prices at Chicago and other markets," according to the summary.

The first 1933 quarter showed an increase from 879 to 25,479 head and from a value of \$1,517,944 to \$1,402,076.

### National Concerns Pay \$163,000,000 for Space—Get Best Available Coverage for Lowest Cost

National advertisers paid \$163,000,000 for newspaper space, and \$349,055,000 for all mediums in 1934, the Bureau of Advertising has reported to the American Newspaper Publishers Association.

The estimates indicate that over 1933 advertising expenditures, more than recovering the losses of that year, to place 1934 slightly ahead of 1932.

In 1934, the bureau reported, newspaper advertisers spent \$163,000,000 for newspaper space out of a total of \$288,000,000.

The report presented figures to show that the Daily Press was superior to both the Montreal Star and the radio as an advertising medium.

The survey contrasting newspapers and magazines involved nearly a million homes in 15 cities.

"The final conclusion," said the report, "is that the advertiser who uses newspapers alone is getting the best available coverage for the lowest cost."

One newspaper in each city would reach 60,300 homes at a cost of \$2,500 a line, the report showed, whereas it would cost \$7,500 to reach 42,420 families through the 17 magazines with the largest circulations and 85 per cent of the advertising revenue.

The bureau of advertising reported that although 61.5 per cent of the homes have radios, only 45 per cent of \$2,500 a line, the report showed, whereas it would cost \$7,500 to reach 42,420 families through the 17 magazines with the largest circulations and 85 per cent of the advertising revenue.

One automobile company's program was said to reach an average audience of 545,000 listeners at a cost of \$11,686, for which the bureau said the advertiser could buy more than a page and a half of newspaper space reaching 1,000,000 readers.

ALBA, Mich., April 25.—Jack Palmer, a mongrel dog, but William Palmer, his master, owns him his life.

Palmer severed an artery while cutting timber on his farm near here Wednesday, and as he lay on the ground, bleeding and helpless, he was found by the owner of a note, fastened it to the dog's collar, and ordered, "Take this to Morgan's place."

Jack whimpered and scampered away to the home of A. Morgan, more than a mile away. Morgan read the note and came to Palmer's assistance.

### Britishers File Protest That Canada is Breaching Agreement

LONDON, April 25.—Unofficial complaints were voiced Wednesday on behalf of manufacturers and the grain trade against Canada for alleged failure to live up to the Ottawa agreement, along with a demand for an Imperial conference to discuss not only trade but foreign policy and Imperial defense.

The Labor opposition organ, the Daily Herald, claimed that a live storm was developing among the British and Dominion governments over the Ottawa agreement, and said that "strong comments" await Prime Minister R. B. Bennett when he reaches here Friday.

It added if the Dominions were found to be in breach of the Ottawa agreement, it would be a matter of course for Great Britain to demand it.

Indications however were that if defense matters or foreign policy came up, they would be the subject of only informal talks with British ministers.

DEFENSE MATTERS

It added if the Dominions were found to be in breach of the Ottawa agreement, it would be a matter of course for Great Britain to demand it.

Indications however were that if defense matters or foreign policy came up, they would be the subject of only informal talks with British ministers.

### V.C. HERO NOW FOUND: PROVES APHASIA CASE

TORONTO, April 25.—Henry Robson, V.C., missing from his home since Saturday, was reunited last night with his wife and five small children.

His wife previously had expressed fears Robson had been kidnapped.

He was found yesterday walking along the Kingston road just outside the Toronto city limits by Constable Joseph Price of North Toronto. He was unharmed but could not say where he had spent the last three days and nights.

### Majority of Auto Workers Not in Union

DETROIT, April 25.—The National Automobile Labor Board, conducting a canvass of 163,150 workers in United States automobile plants, reported last night that 62.6 per cent showed no affiliation with any labor organization.

Most of the dust belt, however, had nothing more promising than dark dust. The North Texas dust zone reported "threatening weather" as a result of the dust belt. The dust country received showers yesterday.

### COAL OIL RUBBER SCIENCE LATEST

NEW YORK, April 25.—Rubber from coal and oil, in limitless quantities, is ready when need arises.

Its formula, already developed in the Du Pont laboratories, was reported to the American Chemical Society last night by Dr. E. I. Bridgwater of the company's rubber research department.

This coal and oil rubber will be the same artificial rubber now made from the gas acetylene—a rubber that in some ways surpasses real rubber. It already made automobile tires equal in all respects to actual rubber.

Doctor Bridgwater's disclosure came during a lecture to Father Julius A. Nieldand of Notre Dame, Ind., who was presiding at the present assembly.

With practically unlimited domestic reserves of coal and oil, the production of acetylene and of oil for hydrogen chloride, obviously it will be possible if a national emergency should arise, to equip a sufficient quantity of chlorine to supply the nation's needs.

### Acquit Girl Of Slaying Her Father

MOOSEMIN, S. Dak., April 25.—Gladys Maddock, 34, charged with murdering her 70-year-old father at their farm home near here February 11, was acquitted yesterday afternoon when Judge G. E. Taylor took the case from the King's bench jury.

The crown had not proved the shooting was not accidental, the judge said. Suits were not indicated by the evidence, he said, but strongly indicated misadventure.

Dr. J. McNeill, of North Battleford mental hospital, who examined Miss Maddock, stated she was a normal person with the mentality of a child of seven.

### Science Claims "Better Babies" From Soy Beans

NEW YORK, April 25.—The full story of the "better babies" program, which you can get from Soy beans if necessary, was issued by the American Chemical Society last night by Dr. E. I. Bridgwater of the company's rubber research department.

Protein is a reproduction from nature, necessary to expectant mothers. A chemical normally produces the human body. It can be obtained from animals. When a mother feeds her animal substitute is effective.

Dr. Allen and Dr. O. Winterstein of Columbia University isolated the better babies hormone in pure crystalline form from fetal blood. Similarities with this fact were pointed out by Dr. Allen and Dr. K. H. Slotta of Breslau, who the pure substance in other ways, and Bridgwater's source was any beans.

### RAINS GREET NINE STATES

DENVER, April 25.—The drought was broken definitely Wednesday over a wide area of the western United States. Some sections reported more moisture than at any other time since the western dry season started four years ago.

Most of the dust belt, however, had nothing more promising than dark dust. The North Texas dust zone reported "threatening weather" as a result of the dust belt. The dust country received showers yesterday.

### COAL OIL RUBBER SCIENCE LATEST

NEW YORK, April 25.—Rubber from coal and oil, in limitless quantities, is ready when need arises.

Its formula, already developed in the Du Pont laboratories, was reported to the American Chemical Society last night by Dr. E. I. Bridgwater of the company's rubber research department.

Dr. J. McNeill, of North Battleford mental hospital, who examined Miss Maddock, stated she was a normal person with the mentality of a child of seven.

### \$72,000 CASH OF PAYROLL IS LOOT OF TRIO

WARREN, O., April 25.—A machine-gun robber who wore shirt-sleeved glasses, and two accomplices, held up a United States mail truck here Wednesday, forced the driver to proceed to a garage on the outskirts of the city, and then escaped with four pouches of mail, one containing \$72,000 in currency.

Although the truck driver, Bart Viliers, carried a pistol, not a shot was fired during the holding, and he was left by the robbers inside the truck, uninjured, when they fled.

Hours later, although all available Warren police and sheriff's deputies searched all highways in this vicinity, no trace of the robbers had been found.

Col. Lynn Back, superintendent of the State Police, said he was sure that the robbers were the same as those who Tuesday night held up a filling station at Columbus, and Wednesday morning raided the State Savings Bank at Woodville, near Tremont.

Two men entered the Woodville bank, pointed a sawed-off shotgun at several of its employees and two employees inside, forced them into a rear room, and then tied up an automobile with \$100,000 in cash.

A better at a race track commit a crime of one of those five-four decisions—five horses were in front of his horse and four behind him.

### and the most economical FORD car ever built

FOUR YEARS AGO the V-type engine was priced out of reach of most drivers. It was then Ford engineers decided that the V-8 was the best automobile motor that could be made. We drew on our wide experience and huge resources to perfect and produce it at a price accessible to all.

There are 1,500,000 Ford V-8's in active, satisfying service today. Each year has seen a sharp increase. And the Ford V-8 for 1935 is excellent all previous sales records.

Power, flashing pickup and positive economy of this brilliantly performing engine are reasons for this.

With the introduction of the longest, widest, roomiest Ford car ever built comes a host of comfort and convenience features to match V-8 performance. You would expect them only in a very high-priced car. They make it a perfectly balanced car. There is

Centre-Poise riding—achieved by a fundamental change in car design—with new, correct weight distribution, new seat position, and springing. A front-seat ride for back-seat passengers.

Distinctive, modern lines. Wider, roomier all-steel bodies. Safety Glass throughout in de luxe closed types on no extra cost. New quick-stopping brakes. Pillow seats with softer

spring; new interior finish, upholstery and appointments; easier steering; new easy-pressure clutch. Too many really, to list here. We and your Ford dealer suggest you make an early opportunity to see and drive the finest Ford car ever made.

Have a Demonstration. Your nearest FORD dealer will be glad to give you a drive yourself demonstration in the new FORD V-8 for 1935. No obligation. Visit his premises or phone.

TUNE IN THE FORD STATION EVENING HOUR. Sunday Orchestra and talented vocal soloists. Check Station Standard Time, Columbia, Boston, F.M.D. WASHINGTON AND ITS PENNSYLVANIA. Thursday evening at 9:30 Eastern Standard Time, Columbia Station.

NEW REDUCED PRICES \$32 a month and a reasonable down payment now have a Ford V-8. See the nearest dealer for details.

### Treasury Now Bids 75.57 Cents an Ounce—World Price Climbs

WASHINGTON, April 25.—Responding to leading world silver prices, President Roosevelt last night boosted the United States government's offer for newly-minted domestic silver to 75.57 cents an ounce.

His proclamation, effective on all silver produced from United States deposits today and hereafter, added more than six cents an ounce to the domestic mine income over what the treasury has been paying and world markets bidding.

The announcement, made by treasury secretary Henry Morgenthau, was received jubilantly by senators from silver states who have forecast that 40 silver mines would be reached and eventually the coinage value of \$1.25 cents an ounce.

Montreal Market

Sets Trade Records

MONTREAL, April 25.—Heavy buying by speculative interests resulted in a record for the United States Wheatboard closed all trading records to fall on the Canadian commodity exchange.

In active dealings that saw 29 bars of metal, contracts for change hands in the first five minutes, a total of 108 contracts—two more than the previous record of 106 established last two weeks ago yesterday—was transferred. A number of investment traders was reported but the majority of trading was done by speculators. It was stated by dealers on the exchange that the sharp rise in London, where the price of spot silver exceeded the standard price established by the

# Special Meeting to Act on More Variety in Food

## CHIEF SCOUT GIVES OUTLINE OF MOVEMENT

### Lord Baden-Powell Says Scout Work Entirely Automatic

Every step of work in connection with the Boy Scout movement has been made from the boys point of view, Lord Baden-Powell, world leader of the Boy Scouts, told delegates at the closing session of the annual convention of the Alberta Teachers' Alliance held Thursday morning in the Macdonald hotel.

Before an audience which filled the main dining room, Lord Baden-Powell described the building-up of the movement from the boys point of view, the present time with the Scout and Guide movements represented in 47 different countries and a membership of two and a half million boys and girls.

**OUTLINE WORK**  
Observation and deduction were points stressed by Lord Baden-Powell when outlining the Scout movement, he said, the Scout work is entirely automatic from the time when a first conceived the idea of the movement.

Many prominent educationalists have been forward in the work, said Lord Baden-Powell, who also stated that one of the chief aims of the movement was to avoid the school, because of the training it was absolutely necessary to get at the individual and examine character.

**SIXTEEN GROUPS**  
"Sixteen groups is the utmost any group could contain," said the speaker. "The natural environment of a boy is a cage, so we have groups of eight or ten."

Speaking of the good deed of a day, Lord Baden-Powell said that the boys that God and King was not merely loyal but instinctive.

"Training under the Boy Scout movement has character training, health, strength and wider vision," said Lord Baden-Powell, who stated that at all times leaders of the movement were grateful for the help suggested that teachers might be able to offer in further work among the boys.

**MUST LOOK FORWARD**  
Enormous changes in the work have been made during the past twenty years, said Lord Baden-Powell, who assured that it was necessary to look forward to the needs of tomorrow.

What the needs of tomorrow would be, he said, was a subject of which he was not sure, but he said that he was sure of one thing, that the needs of tomorrow would be different from the needs of today.

The balance of the session, which was under the leadership of Mr. R. H. Bennett, secretary of the Alberta Teachers' Alliance, was devoted to the presentation of reports by the various committees.

**HON. R. B. HANSON  
IN CITY FRIDAY**  
A detailed presentation of Premier R. B. Bennett's social reform legislation will be given by the education minister, Mr. W. J. Tannin, B.A., B.Ed., during the public meeting at the McLaughlin church on Friday evening, April 26, at 8 o'clock. Mr. Hanson will be accompanied by Hon. T. Hackett, K.C., member for St. John's.

**Bury Claims Huge  
Sum Available For  
Public Works Plan**  
That over \$60,000,000 would be available for public works through-out Canada was a statement made by A. G. B. Bury, M.P. for Edmonton, at the annual meeting of the National Young Men's Conservative Association, at the McLaughlin church on Friday evening, April 26, at 8 o'clock.

He outlined the chief features of the social reform legislation of Premier Bennett, telling that the most advanced, radical and judicious measures were introduced by any premier in Canada.

## Argument is Relief Cases Would Increase if System of Paying Cash Were Adopted.

Not prepared to grant unemployed cash for food purchases, city council Wednesday night declared no change should be made in the present voucher system.

A special meeting of council was held Monday at 8 p.m. to deal with applications by unemployed persons for a 15 per cent. increase in food allowances. The council was divided 4-4 on the question of increasing the allowance.

**FINDLAYS LOSS**  
Another motion by Ald. Findlay was to grant a 15 per cent. increase in the food allowance. The motion was defeated 4-4.

**OPPOSING CASH**  
Opposing a system of cash relief, Ald. R. V. Bellamy said the council should not be asked to consider the removal of certain restrictions in the closed food voucher system if the present method was not satisfactory.

**OTHER CITIES**  
Other cities had the cash system in effect and were finding it was not satisfactory, he said. He added that there might be some cities where it was not so.

**ALD. MARSHALL**  
Ald. Marshall said he did not feel an inferiority complex, but it was impossible for the city to accept them. He said that he was not sure of the value of the cash system.

**ALD. BELLAMY**  
Ald. Bellamy said that he was not sure of the value of the cash system. He said that he was not sure of the value of the cash system.

**ALD. HACKETT**  
Ald. Hackett said that he was not sure of the value of the cash system. He said that he was not sure of the value of the cash system.

**ALD. TANNIN**  
Ald. Tannin said that he was not sure of the value of the cash system. He said that he was not sure of the value of the cash system.

**ALD. BERRY**  
Ald. Berry said that he was not sure of the value of the cash system. He said that he was not sure of the value of the cash system.

**ALD. HANSON**  
Ald. Hanson said that he was not sure of the value of the cash system. He said that he was not sure of the value of the cash system.

**ALD. BERRY**  
Ald. Berry said that he was not sure of the value of the cash system. He said that he was not sure of the value of the cash system.

**ALD. HANSON**  
Ald. Hanson said that he was not sure of the value of the cash system. He said that he was not sure of the value of the cash system.

**ALD. BERRY**  
Ald. Berry said that he was not sure of the value of the cash system. He said that he was not sure of the value of the cash system.

**ALD. HANSON**  
Ald. Hanson said that he was not sure of the value of the cash system. He said that he was not sure of the value of the cash system.

## Second Section Gleaned From Today's News

**I Saw Today**  
Fred Davis, Union City Railway freight representative, Calgary, is a business visitor in Edmonton, conferring with railway officials here.

**Bank clearings for the week ending Thursday, April 25, totaled \$2,233,000, according to the Edmonton clearing house. Figures for the corresponding week last year were \$2,377,000.**

**At a special luncheon members of the Edmonton Chamber of Commerce will hear an address by Mr. J. H. Macdonald, president of the chamber, on the subject of trade and commerce. During the luncheon, which will be held Friday, April 26, at 12 noon in the Macdonald hotel, the members will hear an address by Mr. J. H. Macdonald, president of the chamber, on the subject of trade and commerce.**

**W. J. DICK**  
At the public reception at the legislature buildings on Thursday, W. J. Dick, chief commissioner of the Boy Scout and Girl Guide movement, was the guest of honor.

**AND**  
Francis Moore, discussing Little Theatre Canada, a friend of Ray McConkey, honoree of the day, was the guest of honor at the reception.

**THE INQUIRING REPORTER**  
Digging his old U. of A. blazer out of the wardrobe, he had himself hurriedly to the legislature buildings on Thursday, where he was to report on the day's events.

**GEORGE CASPER, medical student, "I have several proposals for the day, but I am not sure of the value of the cash system."**

**PAUL JOHNSTONE, engineering student, "I have several proposals for the day, but I am not sure of the value of the cash system."**

**ROY "SCHOOLBOY" ROBINSON, dental student, "I have several proposals for the day, but I am not sure of the value of the cash system."**

**ROBERT BISHOP, law student, "I have several proposals for the day, but I am not sure of the value of the cash system."**

**SHEILA CAMERON, high school student, "I have several proposals for the day, but I am not sure of the value of the cash system."**

**HARPER PROWSE, art student, "I have several proposals for the day, but I am not sure of the value of the cash system."**

**HAROLD LOVE, commerce student, "I have several proposals for the day, but I am not sure of the value of the cash system."**

**PARKER KING, law student, "I have several proposals for the day, but I am not sure of the value of the cash system."**

**JACK CHALMERS, pre-law student, "I have several proposals for the day, but I am not sure of the value of the cash system."**

**Provinces Agree On Registering Of Motor Cars**  
The Alberta government and the provinces of the Dominion have agreed on a reciprocal arrangement with the province of Saskatchewan regarding the registration of motor vehicles, by which certain specified vehicles, ordinarily resident in one province, can pass to the other without the payment of a license fee.

## Health Dept May Inspect Soup Kitchen

Stating it has been brought to his attention that some of the food being delivered to the provincial soup kitchen for the unemployed was in poor condition, Mayor J. A. Clarke has suggested to the city health department that the kitchen be inspected by city officials.

**REPORTED NOISY**  
"It has been brought to my attention that some of the food being delivered to the provincial soup kitchen on single men's relief kitchen, is in such condition that it is not fit for human consumption."

**Little Cooler Weather Here**  
After setting a record as the warmest day this year, with a top temperature of 68 degrees, at 3 p.m., Wednesday closed out with clouded weather and a light rain.

**Police Court**  
Disruption at the relief community kitchen last night was the cause of a disturbance in the court.

**Coronation Mug Is Possessed By Edmonton Woman**  
Proud possessor of one of the coronation mugs distributed when King George V ascended the throne, and also a school marm, Mrs. M. J. Graham, of 1039 39th street, is the owner of the mug.

**Trade Commission Visits Edmonton**  
In route to England on both a visit and official duty, J. W. Wilson, G.O.C., of the Trade Commission, arrived in Edmonton Wednesday morning.

**Samuel Goode, a fine 35 dollar bill, ordered to pay a 35 dollar bill, when he pleaded guilty to stealing a 35 dollar bill from a woman.**

**Charge against Fred Peters, a 35 dollar bill, ordered to pay a 35 dollar bill, when he pleaded guilty to stealing a 35 dollar bill from a woman.**

# THIS WAR-MAD WORLD: Ready to Rain Death From Skies

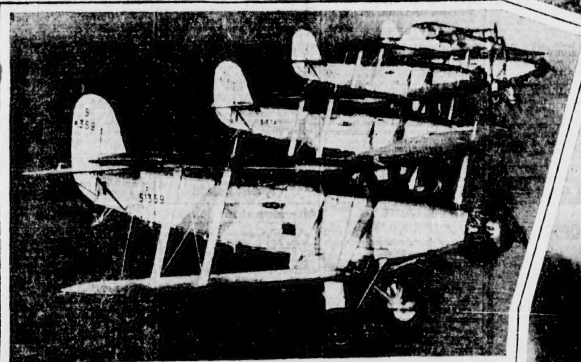

In a hectic race for increased armaments the great powers are concentrating on air defences. At a total cost of \$3,270,000,000, the world's fighting aircraft is lined up as follows: France, 4,500 aeroplanes; Russia, 4,000; Britain, 2,400; Italy, 1,500; Japan, 3,000; the United States, 4,000. Sir John Simon, British foreign secretary, recently revealed that Germany, forbidden military aircraft by the Versailles treaty, now possesses air strength equal to Britain. The British air ministry announces officially: "The Royal air force has as its principal role the protection of the United Kingdom against air attack. Therefore technical development is taking place rapidly as regards potentialities for destruction."

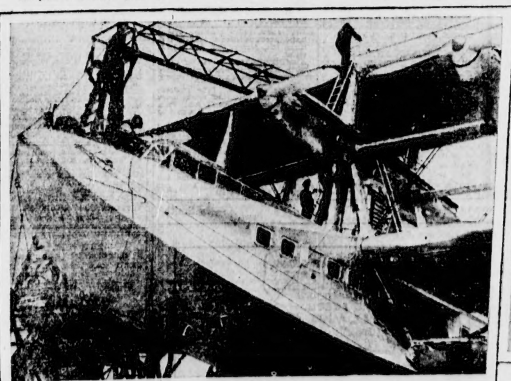

**DOWN IN FLAMES**—This is death in the air 20 years ago. Great strides have been made by armament manufacturers in the production of more and more deadly devices for dispensing death in the air. Even more horrible will be the encounters of highly mechanized aircraft of the future. The ace who sent this British aeroplane hurtling to earth took time for a photograph.

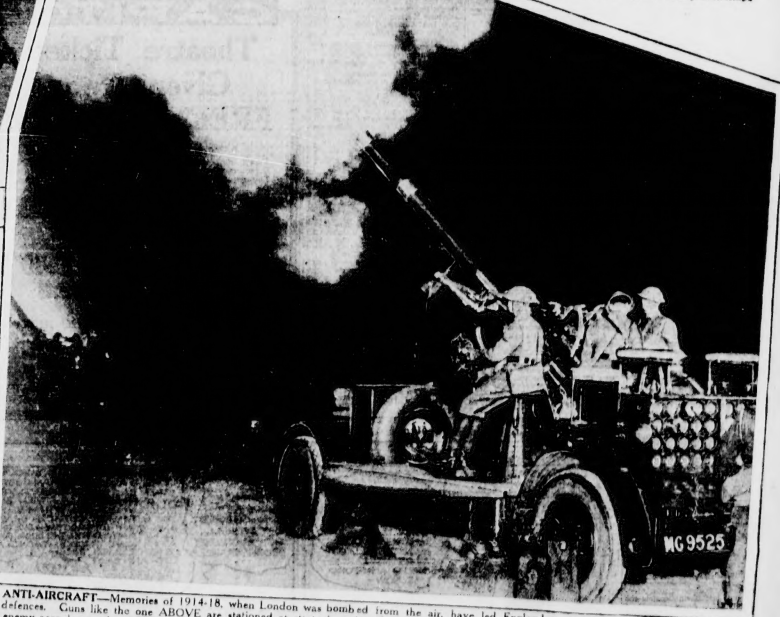

**FIRST AERIAL BATTLESHIP**—Britain's flying boat is the first aircraft to carry a gun capable of firing shells. The gun deals with 100 rounds of one-and-a-half pounders a minute. The aeroplane's chief value in naval engagements in the past was in sighting the enemy. Now they can lay a barrage of deadly shells against enemy battleships.

**NAVAL AEROPLANES**—These torpedo reconnaissance aeroplanes from H. M. S. Furious are part of Britain's great air fleet. They carry torpedoes for attacking battleships.

**FLYING FORTRESS**—This is Britain's answer to universal rearmament. Reputed to be the world's largest military aircraft, the six-engine monster weighs 32 tons. Its bombs will be useful in tearing great battleships apart.

**ANTI-AIRCRAFT**—Memories of 1914-18, when London was bombed from the air, have led England to strengthen her anti-aircraft defences. Guns like the one ABOVE are stationed at strategic points along the south coast. Long-range sounding equipment can detect enemy aeroplanes a hundred miles away. Some civilians must be saved.
